The Gathering Clans.

CHICAGO, May 31.—The weather is steadily growing warmer and the political atmosphere, in sympathy, is becoming more heated. This morning witnessed the arrival of large delegations from southern states, who came in independent attachments, and representatives are gathering from all portions of the south. There were a large number of arrivals from Iowa, and practically the entire delegation from that state is now in the city. Two Blaine delegates came in from the Eighteenth Ohio district, and they were accompanied by somewhat over a hundred outsiders. They marched to their hotel from the depot in a solid body. The event of the morning was the flamboyant arrival of the California and Nevada delegations, whose transit eastward has been very widely heralded. They were met at the depot by a delegation of citizens and preceded by martial music, marched to their quarters at the Palmer house, the ladies and gentlemen of the party alike taking part in the procession. Upon their arrival in the hotel lobby, where a dense crowd had collected the delegation gave three cheers for the gentleman from Maine and separated. The room set apart for the reception of the delegation of business men from New York by the business men of this city in advancing the candidacy of Mr. Arthur is being richly decorated in anticipation of their arrival. A party from the east will arrive this afternoon. At the Grand Pacific hotel the managers in charge of the movement in the interest of Senator Logan have thrown open two large parlors in the place of more contracted quarters heretofore occupied by them. It is estimated that about 300 delegates are now in the city. The national committee will begin its session to-day.

THE BOYS ARRIVE.

The special train furnished for the Washington correspondents attending the Chicago convention, by the Baltimore and Ohio railroad, which left the capitol yesterday morning at 10 o'clock, reached Chicago at 11 o'clock this morning. It was as complete in every respect as the luxuries of modern railroad travel will allow. It consisted of four sleepers. About forty-five correspondents were in the party. A very high rate of speed was maintained throughout, as the following figures show: Forty-three miles in 50 minutes; 16 miles in 15 minutes; 20 miles in 28 minutes; 25 miles in 25 minutes; 10 miles in 9½ minutes; and 72 miles in 1 hour and 17 minutes. The actual running time between Washington and Chicago, 850 miles, was twenty-one hours.

MEETING OF THE REPUBLICAN COMMITTEE.

CHICAGO, May 31.—The republican national committee was in session at noon to-day. Chairman D. M. Sabin, of Minnesota, presiding. John A. Martin, of Kansas, secretary, George W. Hooker, of Vermont, assistant secretary, were present in their respective places. All the states and territories were, on the calling of the roll, found to be represented, with the exception of Louisiana, Utah, Florida and South Carolina.

John C. New, chairman of the sub-committee, made a report on behalf of the committee to which had been referred the work of securing a convention hall and arranging for the printing of tickets of admission to the convention. As to the convention hall Mr. New said it was undoubtedly the best ever prepared for the holding of the national convention. The accoustic properties were excellent and seating arrangements perfect. The expense incurred in accomplishing this had been incurred and cared for by the local committee. The sub-committee had arranged for the seating of delegates in alphabetical order, beginning with Alabama in front of the stage at the left or east side of the hall, and ending with Wisconsin in front of the right of the stage, four aisles distant. The report of the committee was adopted.

It was decided in the matter of the distribution of tickets that the quota for each state be delivered to the member of the national committee for each state with instructions to deliver to each delegate for his state six tickets and to each alternate one ticket in cases where there are no contests, and where there are contests five tickets to delegates and one to each alternate whose names are on the roll by this committee and one to each contesting delegate. J. A. Sexton was chosen sergeant-at-arms of the convention, and I. M. Bean, of Wisconsin, and James H. Stone, of Michigan, were named as reading clerks. The committee adjourned till 7 o'clock, when the matter of contesting delegations will be taken up.

The Presbyterians.

ST. LOUIS, May 31.—The United Presbyterian national assembly continued in session this morning. The judiciary committee sustained the decision of the Iowa synod in Rev. J. C. Evans' case. It was ordered that the decision be executed by the Omaha Presbytery. The report on amending the article in the book of government on overtures, was adopted. The action on summary church principles, was laid over until next year. The report of the committee on relief of the board of home missions submitted a majority report favoring its adoption by the general committee. The report was amended by the minority that the church using instruments be stricken from the appropriation list; that no appropriations hereafter should be made to instrumental churches. An animated discussion occupied the entire day.

The Baltimore Crush.

BALTIMORE, May 31.—Up to 1 o'clock to-day no more dead bodies had been recovered from the ruins of the warehouse on South Gay street. The front wall on Gay street was pulled down by workmen clearing the wreck. It is not probable that any bodies will be reached to-day, as a vast quantity of heavy timber, stone and bales of cotton goods are wedged together to the depth of several stories.

2 p. m.—The workmen unexpectedly reached the point where Z. E. Gildahook lies. He is still alive.

A Happy Result.

PITTSBURG, May 31.—The conference committee of the Iron Manufacturers and Amalgamaters' association met this morning and signed last year's scale of wages with an additional 20 per cent. advance on steel rails and sheets, as demanded by the employes. The session was very short and harmonious. This action averts a strike and insures steady work for hundreds of thousands of employes in the iron mills of the country for one year. Iron workers and all are jubilant over the amicable settlement of the threatened troubles.

Congressional.

WASHINGTON, May 31.—The senate is not in session.

HOUSE.

The bill was passed, restoring the law of 1857, in the matter of appeals from circuit court to the United States supreme court in habeas corpus cases. This law was repealed four years ago, while the McArdle case from Mississippi was pending before the supreme court.

Roosevelt Has Resigned.

CHICAGO, May 31.—It is reported that James Roosevelt, president of the Louisville, New Albany and Chicago railroad, has resigned and that he has been succeeded by John B. Carson, late general manager of the Hannibal and St. Joseph railroad. Later advices state that Carson will assume the duties of the position mentioned next Monday.

Attempted Assassination.

BALTIMORE, May 31.—Several shots were fired through the western windows of the common pleas court room, while Judge Fisher was on the bench, and Hon. William Pinckney and Col. Frank Ward were trying a case of murder. The panes were shattered, but no trace of the bullets were found. The police are investigating.

The Disastrous Explosion of Dynamite Throws London Into Wild Confusion.

The Wabash Railroad Company Ordered to Pay Its Notes---The Penn Bank Trouble.

A Washington Break.

WASHINGTON, May 31.—The following notice was posted this morning upon the doors of the banking house of D. W. Middle & Co., 1427 F street: "Owing to heavy and immediate demand, we have assigned for the benefit of our creditors." The doors of the bank are not closed, and a number of excited persons have gathered inside and are talking over the the suspension. No particulars are obtainable.

RESUMED.

NEW YORK, May 31.—The West Side bank resumed to-day.

CONDITION OF THE PENN BANK.

PITTSBURG, May 31.—Civil suits were entered to-day to recover from the sureties the amount of bonds and cash lost by President Riddle, of the Penn bank. Criminal proceedings will probably be brought this afternoon against President Riddle. His physicians report his condition as serious. Since last night he has had two severe hemorrhages, but was improved somewhat at noon. It is understood that he will give the directors all information this afternoon, which will enable them to proceed against others implicated. Telegrams from Jersey City states that Thomas J. Watson, an oil broker, who left here yesterday, was arrested there this morning.

The Workmen of Dynamiters.

LONDON, May 31.—Last night three dynamite explosions occurred, one at the Scotland Yard police headquarters, one at Pall Mall and one in St. James Square. Many buildings were demolished or badly injured or badly damaged and the excitement was very high. Daylight showed the damage done by the explosion to be fully equal to the worst anticipation. A crowd of excited people visited the scene. The police are drawn up in a line across the streets in the vicinity to prevent the access of the multitudes. Orders have been given to leave the wreckage untouched until an examination is made by Magendie. At the St. James theater, 100 yards distant, the explosion sounded like two clapps of thunder. The audience was frightened to nearly a panic. Several ladies fainted, men started to stampede, but were reassured by shouts, bidding every one to set still, that no harm was done. The second boom, in St. James Square, exploded against the residence of Sir Watkin Wynn, and produced a huge white fracture four feet high and three feet in breadth. The windows were mashed and the furniture damaged. So far as known up to noon, thirteen persons are injured, including five women. All the wounded in the hospital, including the policeman, are in a precarious condition.

Eno Has Emigrated.

QUEBEC, May 31.—John C. Eno and an elderly gentleman in disguise, have taken passage in the steamer Sardinian, which leaves this morning for Liverpool. Both slept on the steamer. There is no means of learning further particulars.

The Wabash Must Pay Its Notes.

ST. LOUIS, May 31.—The receivers of the Wabash railroad were ordered to-day by Judge Treat, of the United States circuit court to protect the notes falling due to-day to the amount of $223,333, those falling due June 14 amounting to $85,000, and all other secured notes of the company maturing pending further orders. The Iron Mountain road consented to the terms of the order.

A Baker Street Belle Wants August Friman to Assume the Parental Care of a Prospective Cherub.

The Matter in Court.

This morning Miss Florence C. Cretzer sought Justice Hays and promptly had a warrant issued for the arrest of August Friman. The maiden, who is a petite and pretty Baker street belle, charged that August lingered often at front gate and whispered chivalorus love tales into her attentive ear. This business continued and, of course, Miss Florence awoke this morning to fully appreciate that it was time her lover executed his promise to wed her and assume the joint parental responsibility of a prospective cherub. To stimulate Mr. Friman's activity the paper was placed in the hands of Constable Robbins, who found his man at work in the Olds spoke factory. At the office of Justice Hays the young lovers met and agreed to wed immediately. A marriage license was procured and Mr. Hays linked two young lives.

Railroad Young Men's Christian Association Building.

The Fort Wayne Railroad Young Men's Christian Association are fitting up the building on the corner of Calhoun and Holman streets for their use. They have formed a suite of rooms in the second story by means of large folding doors. Two of these when furnished will constitute the members' parlor and all three will be thrown open as a small hall for social and religious gatherings. They have another fine room on the same floor for a committee room and use of the secretary. On the ground floor L. O. Hull is engaged in decorating the main reading room, sixteen by forty feet in size. This will be finished in gilt paper and will be a splendid room. Next behind that will be a commodious recreation room, and in the rear of that they purpose to add a bath room and lavatory. The subscription committee report ready responses to their appeal for aid in the fitting and furnishing of the room. Although business men complain of hard times they feel that this is a work that must be assisted.

LIVES OF PAIN

RHEUMATISM and NEURALGIA have long enough run riot in the human system.

They have tormented the human family and baffled the medical faculty; from time out of memory they have corrupted the blood, demoralized the joints, vexed the nerves, agonized the muscles and racked the brain with wearying pain.

"ATHLOPHOROS" is the enemy of Rheumatism and Neuralgia, repairs their damages, renews the blood, eases the joints, calms the nerves, soothes the muscles, gives rest and peace to the troubled brain, and ensures delightful sleep.

"ATHLOPHOROS" is a new remedy, but it has been abundantly tried. From far and near come testimonials from well-known persons who had long been sufferers. It has turned their diseases out. It has cured them: That is all,—and that is enough.

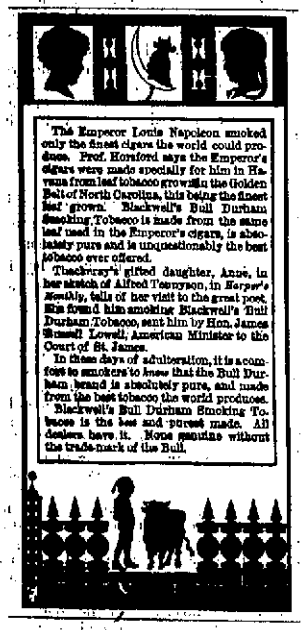
"ATHLOPHOROS" can do for you what it has done for those sufferers. It can drive out your Rheumatism and Neuralgia, and will do so if you give it a fair trial.

"ATHLOPHOROS" has by this time had such a world trial all over the country that its true work is known, and its true character proved.

"ATHLOPHOROS" means "Prize-Bearer;" "Victor;" "Conqueror." It carries off the prize as VICTOR over the attacks of those terrible maladies, and CONQUEROR of the frightful agonies their victims have endured. Not a mere temporary relief, but a permanent, enduring, and triumphant cure.

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be persuaded to try something else, but order at once from us as directed.

ATHLOPHOROS CO., 112 WALL ST., NEW YORK.



The Emperor Louis Napoleon smoked only the finest cigars the world could produce. Prof. Horsford says the Emperor's cigars were made specially for him in Havana from leaf tobacco grown in the Golden Belt of North Carolina, this being the finest leaf grown. Blackwell's Bull Durham Smoking Tobacco is made from the same leaf used in the Emperor's cigars, is absolutely pure and is unquestionably the best tobacco ever offered.

Thackeray's gifted daughter, Anne, in her sketch of Alfred Tennyson, in *Harper's Monthly*, tells of her visit to the great poet. His friend him smoking Blackwell's Bull Durham Tobacco, sent him by Hon. James Russell Lowell, American Minister to the Court of St. James.

In these days of adulteration, it is a comfort to smokers to know that the Bull Durham brand is absolutely pure, and made from the best tobacco the world produces.

Blackwell's Bull Durham Smoking Tobacco is the best and purest made. All dealers have it. None genuine without the trade-mark of the Bull.

SOCIETY.

The Hospital Fair and Its Musical Program--Merciless Critics--Library Hall Entertainments.

A Unique Picture--Reception to the M. D.'s--Interesting Art Notes--Personal and Social Gossip.

The interest of all grades of society this week has been centered in the City Hospital fair. The small world of the city readily yield personal and pecuniary aid to provide the where-with—all for the comfort and relief of the pallid sufferers within the hospital walls. The gay colored booths, music, dancing and anxious solicitude of the ladies in attendance lure willing benedicts and unsuspecting youths, and an overflowing exchequer is the happy result. The most amusing feature of the fair proves to be the walking match, indulged in by gentlemen whom everybody knows and who have hosts of friends who look on with muscles as tense as the participants themselves. The gentlemen would no doubt be edified could they hear the whispered comment of fair critics as to the fit of their garments, peculiar locomotion facial expression, etc., most of which it will be well to add are a panic is created in the masculine breast, were complimentary. Particularly were the ladies enthusiastic over the stately, graceful tread of Dr. Meyers and the professional pedestrian stride of Dr. Meyers, jr. After the irresistable Joe Emmet, Tuesday evening, nothing is left in the way of amusement but the glaring white tents and their usual accompaniments.

An interesting and artistic picture is presented in one of the windows of the business establishment of Max Nirdlinger and was planned and arranged to the most minute detail by the busy brain and deft fingers of Mrs. Nirdlinger, who is as charming as she is talented. It represents a scene which has a fascination for all loyal people—soldiers and their life in camp. A dozen uniformed soldiers are grouped in the most natural positions, which in themselves require no small study to arrange successfully. Within one of the gay colored tents, at a rude table, sits a brave soldier, writing a letter home, which is anxiously awaited by his sweetheart or mother. Another lies full length, with his head resting on his hand, absorbed in a book. Still another, with cap doffed, stands respectfully receiving instructions from his superior officer. But the interest is centered in a group, who are evidently having a heated discussion over a game of euchre. Trumps have been played lavishly. And a comrade appears at the door of his tent, and a laddie, with his blond tresses blowing in the wind, hastens to the scene of action. The camp fire, the guards, and all the details are realistic and a pretty compliment to the G. A. R., that turned out so handsomely Decoration Day.

Last Tuesday and Wednesday evenings the pupils of St. Augustine's academy gave an operetta and drama successively at Library hall, affording a most delightful entertainment to the large audience assembled each night. The costumes were beautiful and the pupils performed well the parts assigned them, reflecting much credit upon the sisters who are the instructors in this famed institution. Musical numbers were rendered by the Misses L. DeWald, Mamie Laughlin, Mannix, Long, Summers, Gaffney and Kittie MacDougal. Among others who participated were the Misses Lizzie Kane, Mamie DeWald, May Graffe, Hattie Angell, Anna Aurentz, Belle Bond, Carrie DeWald, Lizzie Gribbins, Alice Fuerst, Flora Long, Katie Wonlfe and Mamie Baker.

Tuesday evening Dr. I. N. Rosenthal entertained the members of the Allen County Medical society at his spacious residence on West Berry street. After the necessary business had been transacted the genial host assisted by Mrs. Rosenthal and his charming daughters, Misses Becky and Minnie, most delightfully entertained their guests with music repartee and a dainty supper. Toasts were proposed and responded to and a vote of thanks enthusiastically tendered for the most enjoyable hospitality of the evening. Among those present were Drs. Sweringen, Dills, Proegler, C. B. Stemen, Gregg, Whery, McCaskey, Dinnen, Porter, Meyers and Greenewalt.

The Bicycle club were entertained at high tea by Mrs. Dr. W. H. Myers, Mrs. Aldrich and Miss Jessie Hanna last evening, at 7 o'clock, at the Academy of Music. The table was elaborately decorated with hot-house flowers and was a picture of beauty with its finest Dresden china and handsome cut glass. The gallant guests were served with bouillion, deviled crabs, sardine salad, cold meats, rusks, delicate sandwiches, cakes and coffee. The gentlemen were quite irresistible in their dark blue coats, knee breeches and jaunty caps, as they glided up on their glistening, noiseless steeds. Those served were Messrs. Lightfoot, Kuntz, Bond, Ross, Edgerton, Newhouse, Theime, Morse, Hunter, Meyer, McLain and Dr. Ross.

The Hospital fair closes Monday evening with a grand concert under the management of Miss Jessie Hanna, assisted by local artists and pupils of the dancing academy, who render fancy dances in costumes. The following is the

The marriage of Mrs. Odelia Freese and Mr. Will Breen occurred at the Cathedral last Tuesday morning, Bishop Dwenger officiating. The affair was strictly private, only the family being present. The bride wore a handsome brown satin and Langtry cost corresponding in color, and a brown hat with long drooping feathers. The happy couple left immediately for Chicago, and returned home Friday. They occupy a handsome suite of rooms recently fitted up at the former home of the bride on Main street. Mrs. Phillips, mother of Mrs. Breen, will give them a reception next week.

Mrs. and Miss Wales, of Minneapolis, Minn., mother and sister of Leonard Wales, are expected in the city in July, the guests of Mr. Wales. Mrs. Wales is said to be the best amateur pianist beyond the Mississippi. Miss Wales is a charming young lady and also an accomplished musician. Mr. Wales has just finished and sent to a prominent publisher, by especial request, a grand march that will be dedicated when issued to the nominee of the republican national convention.

Leonard Wales will give an organ recital at Trinity church one week from Wednesday evening, that will comprise all of the best local talent and some from abroad. The affair promises to be a musical feast and is anticipated in social circles. Among those who participate are Misses Jessie Hanna, Emma Falk, Carrie Fisher, Jennie Kenower, of Huntington, who has never appeared here before and is said to be a charming vocalist, and Messrs. Schulte, Prof. Heath and others.

After the ceremony, receptions were held by those who participated in the service, and handsome gifts bestowed upon the young masters and misses who had pledged themselves to the Hebrew faith.

A tricycle club of young ladies will soon be organized by a prominent young gentleman in the west end. The idea catches the girls fancy who are now planning a unique and irresistable costume and, as usual, rival, if not exceed the bicycle club in beauty and expertness as well as diminishing their admirer's expense account in the way of hack hire, etc.

A charming and evidently observing young lady naively asks why married men are afraid of their wives. It behooves these timid benedicts to carry themselves with a loftier air that these fair querists may not prematurely peep behind the rose colored curtain of connubial felicity.

The marriage of Dr. T. E. Bierz, of Pleasant Lake, to Miss Hattie Kline occurred yesterday. The reception was held last evening at Park hall, in that village, and was largely attended. The doctor is a very popular gentleman and has many friends here, who received invitations.

Miss Helen Smyser and Master Bert Newton have been photographed in the most taking positions they assume in the "Kiss Polka" and presented the picture as a souvenir to their teacher.

ACADEMY OF OUR LADY OF THE SACRED HEART.

On the evening of the 26th inst. the young ladies gave the last, for the year, '83-84, of their monthly entertainments, which consist of the reading of their journal, *Fleur-Marie*, interspersed with vocal and instrumental music and recitations. *Fleur-Marie* is a paper edited by the pupils, composed of original articles, none other being ever admitted to its pages. The number for May was read by Miss Jackson, of Chicago, and was of unusual interest. The principal subjects treated were: "Life, Ideal and Real;" "Power," "Echoes," "Keynotes," "Dogs," "Paper," and "Our Lady's Month," besides items and advertisements, these forming the humorous portion. Among the contributors are Misses Jackson, Morrison, Hennessy, Buck, Kelly, Harmon and Griffin. The pianists of the evening were: Miss Baugnot, of Auburn; Miss Gonser, of Hudson, and Miss Buck, of Fort Wayne. Miss Leach, of Washington, D. C., rendered, on the harp, with exquisite taste, the old but ever-pleasing melody, "Sweet Home," and little Miss Hebert, of Fort Wayne, sang sweetly to her own accompaniment on the guitar, "Take this Letter to My Mother." Miss Campbell, of Lafayette, recited, with much feeling, "Through Death to Life," and Miss Flora Didier, of Fort Wayne, delivered Alice Cary's beautiful poem "May Days," in her customary graceful manner. The soiree was pleasantly terminated by Miss Jackson's masterly rendition, on the piano, of "Kontski's Caprice Heroique, Le Bevaile du Lion, of 115." A half hour was then spent in social chatting, after which all retired, well satisfied with the restful pleasure of the evening. M.

JUDGE LYNCH THROTTLED.

The Citizens of Adams County Deprecate the Recent Attempted Lynching and Confide in the Law—The Trial of Richards, Werst and Smith.

Stratton, of this city and Heller and Hooper, of Decatur, while John T. France will prosecute them. A special venire for one hundred and fifty jurymen has been issued. The affidavit sets forth facts that he cannot get justice in either of the three counties of this district. The prospects for a lynching are not as bright as they were a few weeks ago, inasmuch as the best people of Adams county have signed the following proclamation:

"We, the citizens of Adams county, Indiana, take this method of expressing our confidence in the legally constituted courts of this country. This expression of confidence is called forth because of the undue excitement and attempt to lynch Fred Richards and Daviess Smith for the murder of Amos Backestowe. Feeling that a mistake was made in the endeavor to punish crime in this manner, we promise to use our influence in behalf of law and order, and do all within our power to give Fred Richards, Charles Werst and Daviess Smith a fair and impartial trial and not permit any violence to be visited upon the prisoners by or through Judge Lynch pending the hearing and disposal of said causes in the Adams circuit court."

Many of the bitters and quack nostrums of the day are also advertised for consumption on the plan that the only thing that the stuff wont cure is the avaricious, ignoble grief of the proprietor. Don't be deceived. The best remedy for strengthening the lungs, soothing all irritation, and stopping the cough, is Dr. Wistar's Balsam of wild cherry. It has cured many cases where physicians had given up hope.

Fort Wayne, May 29, 1884.

Manufacturer of Lounges and Parlor Goods.

Buy at first hands. The manufacturer of parlor goods knows how they are stuffed and how they are made, and nobody else does. Ready made Chicago suits, which you find in establishments which do not do their own upholstering, are fair enough to view outside, but inside they are full of faults and of shavings.

In the manufacture of our parlor goods we use

The best frames.
The best steel springs.
The best webbing.
The best Russian twine.
The best burlaps.
The best material for stuffing.
The best muslin under-coverings.
The best upholsterers.
The best outside coverings.

All suits are covered twice beneath the outside cover.

All suits are stuffed full and hard. They become soft with use. If too soft when you purchase them, it is an indication the springs are not well tied or but little stuffing put over them. In this latter case they soon become "mushy."

We are doing most of the Fort Wayne parlor goods trade. We are in condition, because of our wholesale trade, to give you, at retail, prices fully as low as other dealers can purchase at wholesale. By purchasing of us you not only get the best made goods but you save one profit.

There will be an exciting contest in the walking match to-night.

You should visit the museum at the Academy.

We feel assured that housewives who use Dr. Price's Special Flavoring Extracts of lemon, vanilla, rose, almond, nectarine and orange, avoid the disappointment so often experienced by the use of the ordinary flavoring extracts. The care bestowed in the selection of the articles used in Dr. Price's flavors makes them so reliable.

Blessed be the man who invented sleep, and blessed be he who discovered Athlophoros, for the man or woman afflicted with rheumatism or neuralgia, would be unable to enjoy the benefits of sleep were it not for the aid of this great specific remedy. Mr. C. S. Starr, of 28 State street, New London, Conn., writes of a friend of his, for years a sufferer from rheumatism, who, after taking one dose of Athlophoros, with remarkable results, repeated it at bed time, and was able to rest all night long. This he had not been able to do for years. . .

The town of Plymouth possesses a cat which is raising a family of goslings. She had been deprived of her kittens by drowning and was inconsolable at the loss. A setting goose abandoned her nest and the cat, seeing her opportunity and realizing that occupation lightens grief, with a zeal worthy of imitation, proceeded to look after the unfinished business and was rewarded with a brood, for which she shows the greatest solicitude. She handles the goslings by the nape of the neck, lifting them into quarters for the night, and seems troubled only because they will not take food in the way she naturally expects to furnish it.

A mechanic never goes to work without his tools. Neither should you start on a journey without being fully equipped by always having a bottle of Pond's Extract in your knapsack. In cases of accident, dislocated joints, over-straining, etc., when you are probably far from medical assistance, the importance of having it at hand cannot be over estimated. Pedestrians, oarsmen, baseballers, cricketers, gymnasts, and all athletes will find it a true friend. For relieving and curing sprains, bruises, foot-soreness, chafings, swells, varicose veins, insect bites and stings it is simply invaluable.
